Bluetooth just got cool thanks to the Jabra BT3030. Not only does it look good, it sounds great. Finally a product that lets you listen to music from your mobile - without damaging your style!

Jabra BT3030 plays music from any enabled device such as mobile phone and Mp3 player. Play, pause, skip - remote control your music without touching your mobile.* Yep, that's right - no wires!

No need for phone envy - keep it in your pocket! When a call comes in, your tune pauses and the call connects. A microphone in the dog tag picks your voice up, loud and clear. No hands, no missed calls.

The dog tag design keeps the wearing style simple. But if it doesn't fit your wardrobe, use the optional clip. Your belt, your bag, your pants - you choose the look, you choose the style.
